Date: Thursday 24th September

This week:

We have had a lovely week in Class 6. We've continued our Stargazers topic, looking more in depth at the Moon, space travel to it from the past and what it may look like in the future (Artemis missions), how Nasa is prepared for future space travel, the different phases of the Moon and different misconceptions people may have about it. The children are really enjoying the topic so far and I've been impressed with their knowledge! We are having lots of in depth discussions about it 😊.

On Thursday 1st October it is the midsummer Moon festival in China. We will be spending Thursday morning next week looking at this more in depth which the children are looking forward to.
