

UKS2 Teachers/Teaching Partners:

Mrs. Marston – Class 5/6 Teacher Miss. Brownley – Class 6 Teacher

Mr. Jennings – Class 5 Teacher Mrs Smith UKS2 Teaching Partner

Date: Thursday 1st October

This week:

This week the children have been told which house teams they are in and have been given their house team badges. Mr Tomlinson has built the tension and excitement up for the children over the past few weeks, and they were thrilled when they finally found out which team they were in! In each Key Stage, the staff have chosen qualities and areas for which children can be awarded house points.

In UKS2 this term, to earn house points we are specifically looking for you to...

- Be well prepared and ready to learn
- Perform a task that benefits the class or the school community
- Display actions that take care of yourself and your peers.

We have already been collecting house points and can't wait for our house captains to distribute them into the whole school tubes at the end of the week.

Celebrating the Mid-Autumn Festival of the Moon

Homework for this week: Set via Purplemash on 1st October (log-ins in diaries)

This week's homework is set as a 2Do for each child. There are 3 pieces; a spelling activity, times tables and this week a creative writing task where children create their own Solar System:

2Do: Spellings ending in -able and -ible

To practice spelling words ending in -able and -ible
(Assigned to: Year 6. Set by: Miss Brownley)

[Preview](#) [Edit](#) [Close](#) [View Folder](#)

Due in 8 days
To be done: at home

2Do: Practicing Times tables - mixture 1-15

Practice these times tables questions from the 1-15 times table
(Assigned to: Year 6. Set by: Miss Brownley)

[Preview](#) [Edit](#) [Close](#) [View Folder](#)

Due in 8 days
To be done: at home

2Do: The Planets

Using the drawing tool on this app, create a solar system (it could be based on our solar system or a fictitious one you have created) and write about it in the box below. Make sure you describe what you have included in your solar system, why you have chosen the features for your planets, whether they are Jovian or Terrestrial, whether they have any moons, what their temperature is...etc. Be sure to use the terms we have been discussing in class when describing your solar system.
(Assigned to: Year 6. Set by: Miss Brownley)
