Age Range – 9 -15 years

Rating on the Jessometer – 10000/10

This is a fantastic book and I love it! It is full of adventure, trauma and **WOWNESS**! It starts with the prince finding out that the lord protector (who is supposed to be the most trustworthy person is behind a plan) has an evil plan to throw him and his mother, the queen, into the Tower of London, a deadly and disgusting prison. How do they escape? Read the book and you will find out!
