Teacher: Mrs Cains/ Mrs Gilbey/ Mr Montgomery	Subject: History	Date: 10/3/17

Task/ Expectation:

Firstly, an apology from last week! When we mentioned the cross country medal winners at Ratcliffe College, we forgot to mention Sam Turner, who also achieved a medal for running. So well done to Sam too!

We had a very enjoyable dancing and cake eating day today to help raise money towards Rock Challenge. Thank you for all your support with this. Mrs Marston has requested that children do not return their sponsor forms until they have collected in the money.

For homework this week we would like the children to be really creative. As you know, we are studying Ancient Egyptian times at the moment and we would like the children to present a piece of Egyptian information in a creative, unusual way. We will be showing and talking about our efforts in a 'museum day' later in the term, where children from other classes will have the opportunity to look at our work, as we take on the role of museum curators. We are looking forward to seeing the lovely creative work about any aspect of Ancient Egypt and thought that you would appreciate more time than usual for this task. Therefore the return date will be the Friday after the Easter holiday.

We are always interested when the children bring things from home into school to show, but recently this has been difficult to manage in terms of finding time for everybody. We have now created a show and tell timetable so each group of children are given an opportunity on a certain date. Show and tell now takes place on Wednesdays only (or Friday if we run out of time). The timetable is on show in the classroom and also on the class page of the website.

Times tables will take place as usual next Wednesday – thank you for your continued support with this. Also, please ensure that your child has the correct P.E. kit for table tennis in the hall every Monday afternoon.

Thank you.

To be returned by Friday 21st April
