

Torch Shadows

Q1 Choose words from the torch to complete the sentences.

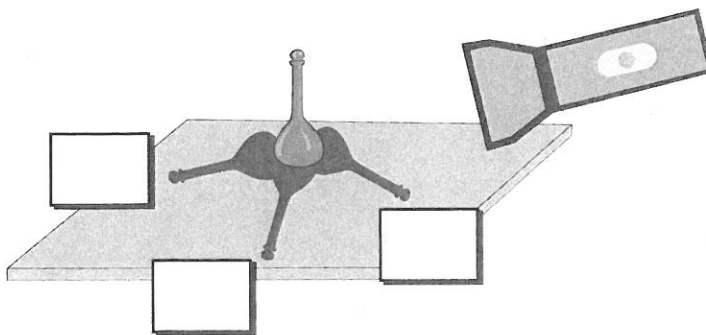

The light travels in a line.

If something is in the way then it will out the light.

This makes a

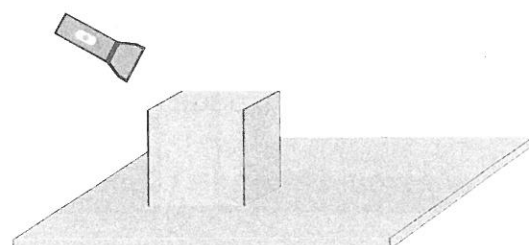

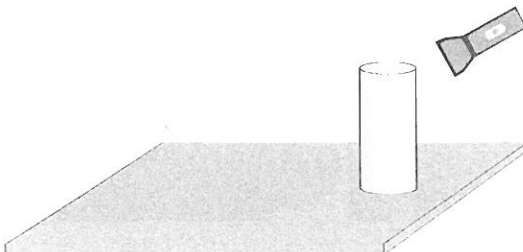

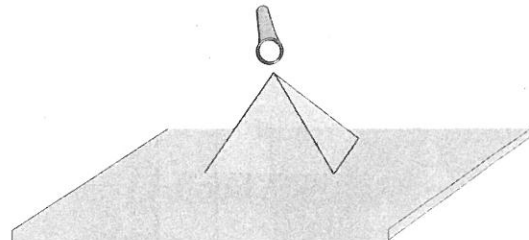

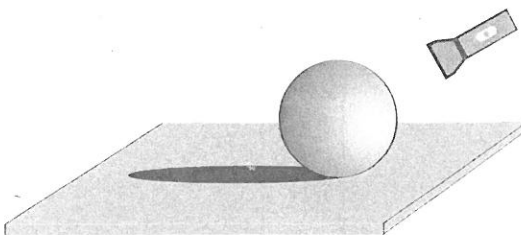

Q2 Look at the picture below and tick (✓) the correct shadow.

There was something funny about Tim's shadow.

Q3 In the pictures below the shadows are missing. Complete the pictures by drawing the shadow. I've done the first one for you.

...He was a shadow of his former self...

There are only two things you really need to remember — light travels in a straight line, and when something blocks the light you get a shadow. Simple as that.
