

## New Procedures for collecting your child from school from June 1st

- Enter through the main gate marked with an 'Enter' sign.
- We will be staggering the entries to school so please keep your distance whilst you are waiting to enter the school playground.

- Your child will be waiting for you in the playground.
- Keep following the yellow dots and your child will join you from their position on the playground.

PLEASE STAY ON THE PATH, KEEP WALKING  
AND LET YOUR CHILD JOIN YOU.

- Please exit by the top gate. This will be No Entry during pick up and drop off times.

• If you have two children attending school, they will be on the playground for collection with their sibling. You will need to collect both children at the time allocated for your younger child e.g. if you have a preschool and year 1 child, please collect at the time allocated for the preschool collection.

• Unfortunately, staff present will not be able to have individual conversations with parents at this time. If you wish to speak to a staff member, please contact them through the school office or the new class emails.
