

East Bridgford, St. Peter's C of E Academy – Homework

Teacher: Mrs Archer Dytch

Subject Geography

Date: 20.1.23

Good afternoon

You may have heard we have had a few tweaks to our school timetable. Assembly has now gone back to the original time (pre-covid) to 8.50am. It is now very important that the children arrive on time and are in the classroom ready for learning at 8.40am as we shall start the day practicing our times tables.

PE: We will continue to have outdoor PE on WEDNESDAY and on FRIDAY (tennis for this half term). Please send appropriate kit - warm clothes for outdoors (hat and gloves on very cold days). **Please send your child's trainers in a carrier bag so they can be sent home after each lesson if the field is muddy to be cleaned. Trainers will need to be returned for indoor PE the following day. Earring either need to be removed or need to be covered with micro tape for safety.**

Curriculum:

We are really enjoying our new topic, Rocks, Relics and Rumbles and have had a very mucky lesson investigating soils, testing for sand, silt and clay. Some of the children may wish to test the soil in their garden - who doesn't love making mud pies! I will put photos of the activity on our web page soon. We have also learned about volcanoes and have learned about Mount Vesuvius. I'm sure your children will be able to share their learning with you. I feel it is always nice to question your children to help consolidate their learning.

Both year groups are still working on multiplication and division in maths. Please continue to practice tables every week and use the Purple Mash test to help prepare for the end of year test.

HOMEWORK:

Miss Ruddle and I would like everyone to produce a piece of creative work relating to volcanoes. Please include a written summary of the features and how it erupts.

A few examples for inspiration, but feel free to have your own ideas.

Thank you.
Mrs. Archer Dytch
