

East Bridgford, St. Peter's C of E Academy – Homework

Teacher: Mrs Archer Dytch	Subject Maths	Date: 21.4.23
----------------------------------	----------------------	----------------------

Good afternoon,

I hope everyone has had a lovely Easter break. It was lovely to see the sunshine! Well done to all the budding Easter artists who sent in their **Egg**cellent egg creations at the end of last term - they truly were Beyond **Egg**pectation!

VOLCANOES: What a fabulous week we have had looking at the models, written work, presentations and culinary skills. I have never seen so many different variations - from paper mache models to cakes with erupting sweets! We had a brilliant afternoon on Wednesday, combining geography with science. We gasped, whooped and squealed as we watched our volcanoes erupt. Over the week have looked at the models that were dormant, active and extinct. To see more photos and videos, please check out our class page in the coming days.

PE: We will continue to have outdoor PE on Friday. **Indoor PE will be on Tuesday.** Please send appropriate kit for both indoor and outdoor PE, including hats and suncream when the weather is sunny.

Curriculum:

In English we have started our new unit on Fiction writing. We are looking at a traditional tale 'The Magic Paintbrush'. Our focus will be beginnings and endings. We shall learn the features and SPaG necessary to write our own story. We shall study new vocabulary and use a dictionary to find the definitions of our words and then use them in our own work. We started with a 'cold write' on Tuesday and will end with a 'hot write' -assessment piece at the end of the unit.

Topic for the term is Emperors and Empires. This week we looked at the timeline of the Roman Empire. In science we are studying plant nutrition and reproduction. We recapped the parts of a plant, expanding our knowledge to find out the function of each part. Next week we plan to walk around the school grounds; dig up some weeds, observe the roots and observed how the blossom on the trees will turn into fruit. In Maths both year groups are covering weight - kilograms and grams. See homework.

HOMEWORK:

Homework is a maths worksheet on weights to consolidate this week's learning.

Thank you.
Mrs. Archer Dytch
