

East Bridgford, St. Peter's C of E Academy – Homework

Teacher: Mrs Archer Dytch	Subject Maths	Date: 6.12.24
----------------------------------	----------------------	----------------------

Good afternoon,

Once more we are at the end of the week. Count down to Christmas has definitely begun and our little Christmas tree take pride of place at the front of the class. Eiffel the elf is visiting every day, and we never know what he will be up to next. We have started to put together our contribution to KS2 Nativity. Each class will do a 5-minute piece to tell the story. Every child who asked to speak has a small line to say. Some children asked not to speak, so they will have a different role to play. All the children are learning Christmas songs. The service is sure to get everyone in the Christmas spirit.

Curriculum:

This week in English we have started our next unit on instructions-How to trap a dragon. In Geography we have looked at land uses and designed our towns. Art was fun this week - we made Bell Beaker pots out of clay. They are still drying, but the children will be able to take them home in the new year.

We have moved on to multiplication and division in Maths, so far everyone is contributing and applying themselves well. During this unit we shall focus on our times tables and hopefully the children will reap the benefits from their hard work learning their tables over the past months.

HOMEWORK:

I have sent home two Christmas multiplication colouring sheets. These can replace their usual practice slots if you wish. Keep up hearing your child read, many have been moved up to a new level over the past two weeks. I will also try to fit in another spelling test before we break up for Christmas.

Thank you

Mrs. Archer Dytch
