

East Bridgford, St. Peter's C of E Academy – Homework

Teacher: Mrs Archer Dytch	Subject Maths	Date: 28.5.21
----------------------------------	----------------------	----------------------

Good afternoon,

Thank you for your speedy consent for Cadburys World. We are all looking forward to finishing our Scrumpdiddlyumptious topic off in style. Our coach trip to Birmingham also fits in very nicely with our next topic Urban Pioneers. We will be looking at the change in landscape as we take our journey from East Bridgford to Birmingham. Once back in school we will be comparing rural and urban areas, looking at graffiti in art and using IT to look at digital maps.

Curriculum:

This week we have continued to focus on advertising and we have created our own story boards, written a script and then presented our smoothie product pitch to the rest of the class. We have completed our science investigation as to whether when we drop food on the floor, the 5 second rule works - it doesn't! All the bread showed that it was covered in bacteria. We have had another great tennis lesson and we all managed to do a rally with our partners.

Important Maths Catch-up

Parental support

This week in maths we began our unit on time. To best help support your child please can I ask that you spend this half term teaching your child to tell the time on an analogue clock to the minute. This can be done in a fun and enjoyable way throughout the day, rather than through formal maths lessons.

After half term we will be moving onto the Year 4 objectives and these include, converting digital times using a 24hour clock to analogue. We will be working out 15, 23, 57 etc. minutes before and after times, moving from 'past' the hour into 'to' the hour as well as solving more challenging problems relating to time.

WE SHALL BE SITTING THE TIMES TABLE TEST ON 14TH JUNE 2021

Enjoy the break.

Mrs. Archer Dytch
