

## Friday 1<sup>st</sup> July 2022 Two Weeks Homework

This week we have started a new topic in maths, learning about grams and kilograms and reading intervals on scales. We have been using vocabulary, lighter than and heavier than. We will be exploring capacity too and using ml/l.

We have written a biography about Jacques Cousteau using all the facts we collected last week.

We have started to explore the Great Barrier Reef and what makes it such a special wonder of the world.

### Homework for two weeks

#### Activity 1

Use scales with g/kg and weigh items from the kitchen cupboard such as pasta, sugar, flour etc. How much does it weigh?

#### Activity 2

Create your own exciting and special sea creature and write about it.

You must draw your creature

Include: How it is adapted to survive in your chosen ocean zone?

What does it eat?

How do I identify it? (What does it look like?)

### Spellings Week 1/7/22

heart, heard, often, notice, weight, strength, minute, probably, enough, peculiar

### Spelling Week 2 8/7/22

imagine, important, mention, breathe, natural, group, strange, various, favourite, interest
