

Our Week 20.5.22

This week we have been writing our own stories. We used a story mountain to plan out our ideas and then drew pictures and added in vocabulary to help us to be ready for writing.

The children have all done an amazing job and I am currently making them in to a book for the class.

In maths we have been learning about 5 minute intervals on the analogue clock, past and to the hour and moved on to telling the time in minutes.

In topic we have continued finding out about how Egyptians lived and what jobs the Pharaoh's did.

We have also explored electricity this week. We looked at where it come from. We explored circuits in the classroom to make bulbs light up.

Homework

Please research renewable energy and make a poster of one type to explain how it works and helps the environment.
