

What have we been up to this week?

Welcome Back!

It has been so lovely to see the children all back together again. We really have missed them. For some children, this week will have been really overwhelming but we are so proud of how well they have all adapted being back in the classroom. We particularly enjoyed seeing them all come in on World Book Day in their brilliant costumes!

English

This half term we have linked our English texts to our topic. With Mrs Cains, the children will be looking at the story, *The Stone Age Boy*. They will be looking at writing a historical narrative. They started with a cold write and re-told the story in their own words. With Miss Evans, the children will be looking at "How to wash a Woolly Mammoth". They will be focusing on instruction writing. They also started with a cold write.

In History we looked at artefacts from the Iron Age and Stone Age!

Maths

In Maths this week we have been revising Fractions. We have been looking at halves, quarters and thirds of shapes and amounts. The children need to remember the language of equal parts, unequal parts, numerator and denominator. The numerator is the top number and represents how many parts are being considered. The denominator is the bottom number and represents the total number of parts in the whole.

Reminders

P.E is on a Wednesday and Friday. Please come in warm PE kits.

Try and encourage your child to read as much as possible at home (to you or to themselves).

Take a look at their Year 3/4 spelling list located in their diaries.

Weekend Activity

It's Mothers' Day on Sunday. Please do something lovely to show Mummy just how much she means to you. You could make a card, buy a bunch of flowers, make a cake or simply take the time to tell her how much you love her!
