This has been a very busy week with the children working fantastically! We are also a class full of geographical wizards – we can proudly name 130 countries of the world as a class (the aim is to get them all by the end of the year).

Reminder – homework books are now being kept in school. Homework will be stuck in weekly by the children. This encourages the children to use their diary more for spellings and makes homework easier to mark. Children should bring in their homework sheets the following Friday.

Things to note...

- If you are isolating or off for any other reason, there is a home learning section on the class page for you to follow along with what we are doing in school.
- Children should be reading three times a week at home, which they can record in their school diaries. Each read counts towards your child achieving a reading certificate.
- Homework should be completed in homework books to a 'Take Care' standard.

Homework for this week:

Spellings – Your child will have 15 spellings written down in their diaries or homework books to learn for this week. Each child has completely personal spelling lists. Once they have been tested, they write down the next set of words from the statutory spelling lists and any that they got wrong on that particular week. Spellings are tested each Friday.

Maths – Mental maths challenge sheet. Children should choose one column of questions to answer, based on their ability and confidence. If you are up for a challenge and feel like completing more, that would be brilliant!

English – I would like you to create a story map for one of your favourite books. A story map is a series of pictures and arrows that can be used to tell a story without words. The pictures represent key events throughout the story. Please see the one on the other side of this newsletter for inspiration!

If you are struggling at all to complete anything, please let me know prior to the deadline next Friday and we can sort something out ☺

Homework due – Friday 21st January 2022
