# Willow

We have been as busy as ever just lately. The children really enjoyed the science workshop on Monday where they revisited our learning through drama and movement. Thank you to Perform for coming in and inspiring our learning. Our topics are well underway for this half term and the children are continuing to work exceptionally hard across the curriculum.

## Year 4

- Step 5 9 times-table and division facts
- Step 6 The 3, 6 and 9 times-tables
- Step 7 Multiply and divide by 7
- Step 8 7 times-table and division facts
- Step 9 11 times-table and division facts
- Step 10 12 times-table and division facts
- Step 11 Multiply by 1 and 0
- Step 12 Divide a number by 1 and itself
- Step 13 Multiply three numbers

## Year 5

- Step 6 Square numbers
- Step 7 Cube numbers
- Step 8 Multiply by 10, 100 and 1,000
- Step 9 Divide by 10, 100 and 1,000
- Step 10 Multiples of 10, 100 and 1,000

## Fractions

- Step 1 Find fractions equivalent to a unit fraction
- Step 2 Find fractions equivalent to a non-unit fraction
- Step 3 Recognise equivalent fractions

English: Wow – their independent writing for the recount unit is amazing. Our model text was from the wolf's perspective as he watched Red stray into the focus and ignore the warnings. Our twist on that was to write it from a different perspective; we had writing from different creatures with the forest, trees and even from the wind. The creativity was incredible- defiantly work to be proud of.

Reading: Please aim to read with your child at least three times a week and continue to sign it in their diary. I will now continue to be checking diaries every Friday and will award stickers and Take Care Tokens as a reward for regular reading.

Right, we're all ready for a rest now! I hope you have a fun weekend!
