

Our Curriculum Vision

St. Peter's is a 'Take Care' School.

We take care of ourselves, each other, the world and with our work.

We are committed to providing an outstanding, beyond expectation curriculum that is designed to promote the profound personal development of all our children and give them the skills, self-belief and resilience to respond confidently to the challenges of the constantly changing world in which they live.

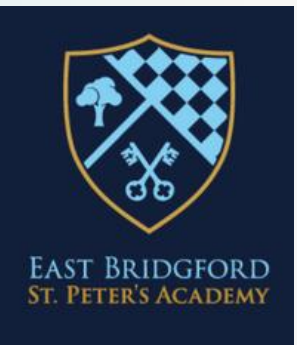

Our Take Care Approach ensures that our ethos and curriculum are both deeply rooted in our Christian values and we place an equal importance on nurturing the academic and personal development of all our children. By celebrating diversity and encouraging children to 'dare to be different' we believe that our children can make a difference in the world. Learning to reflect and respond thoughtfully, we want them to learn to be the best that they can be by taking care of themselves, each other, the world and with our work.

Driven by our Core Purpose and Guiding Principles, we have designed an ambitious, sequential curriculum that enables all children to achieve and acquire knowledge and skills that engage and challenge their understanding and interest. Through our Beyond Expectation Curriculum, children are encouraged to think beyond the straightforward and we aim to create meaningful learning experiences which prepare children for lifelong learning.

Our Ethos Model and Guiding Principles drive our Beyond Expectation Curriculum

“Together in Achievement”

St. Peter's is a 'Take Care School', where we “Take care of our self, each other, the world and with our work.”

“We work hard to maximise the learning and growing of all our pupils, in a take care environment.”

“Every child has the right to learn and grow in a caring school where they feel safe and happy and which provides equal opportunity for all.”

“Striving to be, the best we can be.”

“For children... for all.”

Life in all its fullness (John 10:10)

Our curriculum aims to nurture the unique potential of every child, providing inspiring learning experiences in a happy, secure and inclusive environment. By offering a *Culture of Opportunity and Ambition* and a *Climate of Participation*, we strive to ensure that all learners flourish in a safe, joyful setting that encourages creativity, independence, and a lifelong love of learning.

Our curriculum is designed to inspire every child through rich and varied experiences, including trips, residential, visitors to school, and strong links with our church and wider community. We believe that learning should be joyful, meaningful and memorable, giving children opportunities to discover their interests, broaden their horizons and enjoy life in all its fullness.

Through active participation in initiatives such as our Pupil Parliament, pupils learn to lead, to contribute and to make their voices heard. We are committed to developing the whole child—supporting their social, moral, cultural and spiritual growth alongside their academic achievement.

In a safe and nurturing environment, we encourage children to take risks, persevere and learn from their mistakes. Our curriculum empowers every learner to develop confidence, resilience and the personal skills they need to flourish now and in the future.

Take Care

Our curriculum helps children learn how to be a Take Care person

Take Care of Ourselves...

- Learn how to make choices that help us to become mentally and physically healthy
- Become an independent learner and thinker who 'dares to be different'
- Be willing to take an active part in a range of opportunities that help us to be valuable members of the school community

Take Care of Each Other...

- Learn how to demonstrate mutual respect and tolerance for those around us
- Understand the importance of learning together, and working together as a team

Take Care of the World

- Learn how to appreciate and respect our school environment
- Know that our choices and behaviour impacts the world around us
- Understand how we can all change to take care of our world locally, nationally and globally

Take Care With Our Work

- Show a positive attitude towards our learning, and a commitment to do our best work
- Demonstrate an ability to 'Go Beyond Expectations'

Living our St. Peter's values every day

Take Care of ourselves, each other,
the world and with our work

Aspire to go 'Beyond
Expectations'

Have the integrity to do the right thing
even when no one else is looking

Work hard to be the best you
can be

BE Proud...

Having our values on our hand
helps us to remember our values
during the school day.

The 'take care' thumb has the
ability to touch all the other values
reminding us taking care is the way to
be at St. Peter's
