

## East Bridgford, St. Peter's C of E Academy – Homework

**Teacher: Mrs Archer Dytch**

**Subject Easter Egg  
Competition**

**Date: 19.3.26**

Good afternoon,

What a delight it has been to enjoy some recent sunshine. It certainly puts a spring in everyone's step and makes the playground feel like a completely different place altogether.

As always, we have been incredibly busy and making the most of our learning time. The children have worked so hard and it really shows. We had a fantastic Science Week, with pupils immersing themselves in their learning with real curiosity and enthusiasm. Their homework presentations on inspiring scientists were a joy to see and hear. We had everything from passionate talks to impressively detailed research. In class, we explored how birds make a nest, and the nests we created looked amazing—they were strong and durable. We left them outside to see how they would hold up in the environment.

**PE:** Will change after half term. Outdoor PE will continue to be on a Thursday with ACE and indoor PE will be with Gordon on a Friday. Please send appropriate kit for both indoor and outdoor PE.

**Curriculum:**

In English we have finished our story writing 'Hot Write'. We have purple polished (edited) and read them out loud. We are now looking at poetry and will soon be writing our volcano poems. In science we carried out an investigation and looked at the properties of different soils. We answered the question 'What is the best type of soil for plants to grow in? In geography we learned about tsunamis and how they form under the sea.

**HOMEWORK:**

Most of the children tell me they are entering the Easter Egg competition, so for this reason I am not setting any homework. I look forward to seeing their entries next week.

Thank you.

**Mrs. Archer Dytch**
