### This week's column

Welcome back to our edition of the year 6 column. This week, we have done a full week of SATs tests! Also, we have been working hard on a Titanic research project. The SATs were very boring, but we need to do them. For art, we chose our environmental art project that we are doing after half term. In PE, we have done team games and orienteering. Miss Walton has started reading outside as it got very warm. In English, we have been writing our complaint letters to our hotels. In maths, we have been looking at FDP. Joke – Why don't fish play tennis? They don't want to go near the net!

Columnists: Skyler & Charlotte.

This week, I've been so impressed with the children's dedication towards their mock SATs papers. We have seen lots of progress made by all children!

As part of our Environmental Art unit, I have asked children to over the Easter holidays, collect recyclable items. Children have created a post-it note of things that they want to start collecting. These should be brought in on **Tuesday 14<sup>th</sup> April**.

Please remember that for next week only, Boosters will be on **Wednesday 25<sup>th</sup> March**. This is because I am not in school on Thursday 26<sup>th</sup> and Friday 27<sup>th</sup>. The children will be taught by a supply teacher, completing work that has been set by me.

This may well be the last newsletter before the Easter holidays from me. Have a lovely break!
