

East Bridgford, St. Peter's C of E Academy – Homework

Teacher: Mrs Archer Dytch

**Subject: Times tables
and RE**

Date: 8.5.26

Good afternoon,

I hope you enjoyed the bank holiday and have enjoyed the shorter working week.

Curriculum:

This week we have had great fun learning about the life cycle and pollination of flowering plants, the structures and materials used to build a greenhouse - we shall make our own miniature greenhouse later in the term. We have learned about simulation through IT. In history we are looking at evidence, and we have been looking at different versions on how Rome was founded.

English: We have been looking at the features of a 'Finding Tale'. Our focus has been looking at different ways to start a story. Thinking about the place, time, weather or character, following the T4W format.

Maths: Year 4 are on their next unit on decimals -this will be followed shortly by money. Year 3 are working on non- unit fractions.

HOMEWORK:

As we are getting close to taking the Yr 4 Multiplication test, I would like all the children in Yr 4 to go onto Purple Mash and complete the **Multiplication Assessment**. Please do this as many times as possible during the week. Yr 3 are very welcome to join in but should not be disappointed if they do not score full marks - it is very quick! Alternatively go on to the customized one and continue as usual.

I would also like everyone to have ago at answering the following question.

RE: Big Question - "Do you need to believe in God to keep promises?"

Write 5 different promises. Then explain:

Which is most important and why

Which is hardest to keep and why

Examples: I promise to be respectful to people who are different from me.

I promise to look after my own health by eating well and sleeping enough.

Times tables using purple mash and spellings once a week. Read three times a week (**to be recorded in work diary**)

Thank you.

Mrs. Archer Dytch

To be returned by: Purple Mash – 15.5.26
